

**PROGRAMME SPECIFIC OUTCOMES, PROGRAMME OUTCOMES AND COURSE OUTCOMES**

**PG DEPARTMENT OF COMMERCE WITH CA / UCC42 / B.Com., (CA) & M.Com., (CA)**

<b>PSOs</b>	<b>PROGRAMME SPECIFIC OUTCOMES</b>	
PSO1	To inculcate the knowledge of accounting concepts and computer application in business.	
PSO2	To import the Knowledge in the field of accounting specialization in business, banking sector and financial markets.	
PSO3	To analyse latest technologies to solve problem in the area of computer application	
PSO4	To make the students well equipped for getting job opportunities.	
PSO5	To develop entrepreneurial skills among the students of Commerce	
<b>B.Com., (CA)</b>		
<b>B.Com., (CA) / UCC42/ PROGRAMMES OUTCOMES</b>		
<b>POs</b>	<b>Description of POs</b>	
PO1	Gaining knowledge in commerce and accounting software for corporate expectations.	
PO2	Demonstrating professional ethics in the social and legal aspects of commerce.	
PO3	Integrating the ethical behaviour in self-learning, applying it towards lifelong learning and acquiring knowledge in modern corporate and the IT sectors.	
PO4	Getting employment in IT field, software, banks companies, BPOs and KPOs.	
PO5	Gearing up with updated knowledge in implementing business practice and equipping with professional, inter personal and entrepreneurial skills.	
PO6	Preparing for post graduate studies and to achieve success in their professional careers.	
PO7	Gaining skills regarding various aspects like marketing manager, selling manager, over all administration abilities of the company.	
<b>B.Com., (CA) / UCC42 / COURSE OUTCOMES</b>		
	<b>Description of COs</b>	<b>Bloom's Taxonomy / Cognitive Domain</b>
<b>UCOC11</b>		
<b>Financial Accounting-I</b>		
CO1.	Applying conceptual knowledge of basics of accounting	Application (Level 3)
CO2.	Assessing of recording financial transaction and understanding about rectification of errors and suspense account	Evaluation (Level 5)
CO3.	Understanding the essentials of accounting process and preparation of final account in sole trader	Comprehension (Level 2)
CO4.	Analysing to prepare account from incomplete records and calculate the depreciation under the different methods	Analysis (Level 4)

CO5.	Getting an idea in preparation of reports in accordance with GAAP and Hire purchase system and Creating fundamental knowledge of financial accounting for further study in the professional world.	Synthesis (Level 6)
<b>UCOC12 Business Application of MS-office(Practical)</b>		
CO1.	Applying conceptual knowledge of MS-office	Remember (Level 1)
CO2.	Understanding the develop the skill of types of Minutes, time table and Prepare Curriculum Vita using templates and wizards	Comprehension (Level 2)
CO3.	Accessing the Enter the data, Total, Average, and Result by using arithmetic and logical functions and sort the Worksheet in ascending order and prepare the payroll for a company	Evaluation (Level 5)
CO4.	Designing the presentation of slides work in manual mode and custom mode.	Synthesis (Level 6)
CO5.	Creating the forms for the simple table assets and report for the product database.	Synthesis (Level 6)
<b>UCOA11 Indian Economy</b>		
CO1.	Applying conceptual knowledge of Indian Economy.	Remember (Level 1)
CO2.	Understanding the concept of Agriculture, Small scale industries ,WTO and LPG	Comprehension (Level 2)
CO3.	Accessing the economic analysis to evaluate National Income and industrial policies	Evaluation (Level 5)
CO4.	Analysing the measures of Poverty, unemployment, underemployment and underdevelopment economy	Analysis (Level 4)
CO5.	Creating the development of the economy in professional world	Synthesis (Level 6)
<b>UCOC21 Financial Accounting -II</b>		
CO1.	Acquiring knowledge of basic concepts in specialized business viz., Consignment, Joint Venture, Branch Account, Departmental Accounts.	Knowledge (Level 1)
CO2.	Understanding the methods of keeping various books of accounts in specialized business.	Comprehension (Level 2)
CO3.	Using a method of preparing various Accounts in Joint venture, Branch accounts, & departmental Accounts	Application (Level 3)
CO4.	Acquiring the skill for prepare this type of accounts in using some system based software's.	Synthesis (Level 6)
CO5.	Solving problems encountered in everyday business activities.	Synthesis (Level 6)
<b>UCOC22 Web designing using HTML</b>		
CO1.	Acquiring knowledge of HTML programming Language, Web design programme.	Knowledge (Level 1)
CO2.	Assessing the contributions of HTML codes, to use the Design programs.	Evaluation (Level 5)
CO3.	Using an understanding of design programs, Web Page Maker, Domain Name & Services.	Application (Level 3)
CO4.	Publishing the site and to make changes on the site.	Synthesis (Level 6)
CO5.	Analyzing to solving the problems encountered in updates on the site when needed.	Analysis (Level 4)
<b>UCOA22 Business Ethics</b>		
CO1.	Acquiring knowledge of Business Ethics, Ethical performance, Values, Norms and Corporate Governance.	Knowledge (Level 1)
CO2.	Understanding the Ethical Codes, Ethical issues in marketing.	Comprehension (Level 2)

CO3.	Analyzing the Role of Values for managers and working conditions.	Analysis (Level 4)
CO4.	Analyzing the Ethical issues in Corporate Governance.	Analysis (Level 4)
CO5.	Using an understanding Environmental Ethics and Consumer protection in business.	Application (Level 3)
<b>UCOC31 Visual Basic Programming (Practical)</b>		
CO1.	Applying the conceptual knowledge of visual Basic Programming	Application (Level 3)
CO2.	Understanding the integrated development of environment and coding of environment	Comprehension (Level 2)
CO3.	Evaluating the controls of VB Components	Evaluation (Level 5)
CO4.	Designing the user interface, menus, toolbar, and tab strips	Analysis (Level 4)
CO5.	Creating the database using DAO and ADO control generating the reports	Synthesis (Level 6)
<b>UCOA33 Business Statistics</b>		
CO1.	Understanding the basic statistical concepts such as statistical collection, statistical series tabular and graphical presentation of data	Comprehension (Level 2)
CO2.	Applying the acquired knowledge to statistical methods of solving the problems	Application (Level 3)
CO3.	Evaluating measure of central tendency, dispersion, index number and time series	Evaluation (Level 5)
CO4.	Analysing the strategic variables using correlation and regression analysis	Analysis (Level 4)
CO5.	Creating the knowledge to solve simple task using independently calculate the statistical parameters viz	Synthesis (Level 6)
<b>UCOE31 Computer Application in Business</b>		
CO1.	Understanding the knowledge of basic computer	Comprehension (Level 2)
CO2.	Applying the acquired knowledge to windows operating system	Application (Level 3)
CO3.	Designing the business letter and structure of spread sheet application to accounting	Evaluation (Level 5)
CO4.	Analysing the basic knowledge of internet using web protocols, HTML and web browser	Analysis (Level 4)
CO5.	Solving the application of internet in business for the professional world	Synthesis (Level 6)
<b>UCON31 Fundamentals of Insurance</b>		
CO1.	Understanding the knowledge base on principles of insurance business	Comprehension (Level 2)
CO2.	Applying the concept role of insurance economic development of society and social security.	Application (Level 3)
CO3.	Designing the various policies of insurance and evaluate techniques	Evaluation (Level 5)
CO4.	Analysing the difference between life and non life product of business	Analysis (Level 4)
CO5.	Solving the role of private sectors and regulatory bodies of Insurance sector in professional world	Synthesis (Level 6)
<b>UCOS31 Fundamentals of Investment</b>		
CO1.	Understanding the knowledge of fundamental of investment	Comprehension (Level 2)
CO2.	Applying the concept of investment environment of business and fixed income securities	Application (Level 3)
CO3.	Designing the various approaches of fundamentals and technical analysis of equity valuation	Evaluation (Level 5)
CO4.	Analysing the portfolio investment of financial derivatives	Analysis (Level 4)

CO5.	Solving the role of investor protection in professional world	Synthesis (Level 6)
<b>UCOC41 Business Finance</b>		
CO1.	Acquiring knowledge of Business Finance, Short Term and Long Term Source of Finance, Working Capital Management, Cash Management, Cash Budget and Cash Forecasting.	Knowledge (Level 1)
CO2.	Comprehending the fundamental laws for the study of various area of Financial Management, Interrelationship between investment, Finance and dividend decisions.	Comprehension (Level 2)
CO3.	Applying best practices in financial management to make plans, organize projects, monitor outcomes and provide financial leadership.	Application (Level 3)
CO4.	Analyzing and evaluate evidence and appraise alternative viewpoints of financial investments and source of finance.	Analysis (Level 4)
CO5.	Synthesize concepts from multiple business disciplines to address novel, system- level business situation.	Synthesis (Level 6)
<b>UCOC42 Fundamentals of 'C' (Theory)</b>		
CO1.	Applying knowledge about the literary criticism and its related theories.	Knowledge (Level 1)
CO2.	Comprehending the fundamental Structure of C Programming.	Comprehension (Level 2)
CO3.	Practicing the fundamental programming methodologies in c programming.	Application (Level 3)
CO4.	Evaluating the basic calculation in c programming.	Evaluation (Level 5)
CO5.	Ability to handling the possible errors during program execution, Creating a new program..	Synthesis (Level 6)
<b>UCOA44 Company Secretarial Practice</b>		
CO1.	Gaining broad knowledge on secretarial practices adopted by the company.	Knowledge (Level 1)
CO2.	Comprehending the Proceeding of the company.	Comprehension (Level 2)
CO3.	Applying the function of a company secretary in ensuring corporate compliance through good disclosure and observance of statutory and other regulation.	Application (Level 3)
CO4.	Critically evaluating required actions arising from statutory obligations and best practice in terms of financial, compliance and governance report.	Evaluation (Level 5)
CO5.	Critically assessing the role played by the secretary in supporting compliance, disclosure, and accountability across the organization to ensure the effective achievement of organizational objectives.	Evaluation (Level 5)
<b>UCOE42 Business Mathematics</b>		
CO1.	Acquiring knowledge of Common arithmetic operations, Ratio's, Set Theory, Matrix and Calculus.	Knowledge (Level 1)
CO2.	Understanding the basic terms in the area of business calculus and financial mathematics.	Comprehension (Level 2)
CO3.	Applying the Knowledge in business mathematics in solving the business problems.	Application (Level 3)
CO4.	Analyzing and demonstrating mathematical skills required in mathematically intensive areas in Economics and Business.	Analysis (Level 4)
CO5.	Applying the mathematics skill in various competitive exams and international business concepts with	Application (Level 3)

	functioning of global trade.	
<b>UCOS42 Creative Advertising (Practical)</b>		
CO1.	Acquiring knowledge of Basic steps in the development of creative advertising.	Knowledge (Level 1)
CO2.	Understanding the critical role of creative strategy plays in the development of advertising.	Comprehension (Level 2)
CO3.	Applying the Knowledge in creating the new type of advertisement in various business activities.	Application (Level 3)
CO4.	Recognizing the relationship between advertising development and other elements of the marketing and communication mix.	Analysis (Level 4)
CO5.	Creating an advertising campaign.	Synthesis (Level 6)
<b>UCON42 Accounting Fundamentals with Tally (Practical)</b>		
CO1.	Gain an in depth knowledge in Accounting package Tally Software.	Knowledge (Level 1)
CO2.	Acquiring necessary competencies by importing knowledge of various concepts, methods in Tally.	Knowledge (Level 1)
CO3.	Developing critical thinking skills for recording financial transactions, preparation of annual accounts and report using Tally.	Analysis (Level 4)
CO4.	Designing experiments to create Company, enter accounting voucher entries including reconcile bank statement and accrual adjustment entries.	Synthesis (Level 6)
CO5.	Preparing final accounts, financial statements, stock report and budget variance report.	Application (Level 3)
<b>UCOC51 Cost Accounting</b>		
CO1.	Understanding the conceptual knowledge of cost accounting	Comprehension (Level 2)
CO2.	Designing the mechanics of cost records and management of cost	Application (Level 3)
CO3.	Accessing the cost according to their impact on business	Analysis (Level 4)
CO4.	Analysing the cost accounting methods to evaluate and project business performance	Evaluation (Level 5)
CO5.	Solving the problems of cost system of business activities in professional world	Synthesis (Level 6)
<b>UCOC52 Corporate Accounting</b>		
CO1.	Understanding the concept of companies from formation to liquidation	Comprehension (Level 2)
CO2.	Applying the knowledge of advanced issues in accounting assets, liabilities and owners equity	Application (Level 3)
CO3.	Designing the various methods of shares, value of goodwill, account for merger and amalgamations	Analysis (Level 4)
CO4.	Analysing the issue of bonus share and the treatment of prior period profits	Evaluation (Level 5)
CO5.	Solving the problems of final account manufacturing concern ,bank and insurance companies in professional world	Synthesis (Level 6)
<b>UCOC53 Tally ERP (Practical)</b>		
CO1.	Understanding the concept of accounting and application of accounting software	Comprehension (Level 2)
CO2.	CO2. Applying the knowledge of company using tally ERP	Application (Level 3)
CO3.	CO3. Accessing the accounting vouchers and inventory measures using tally ERP	Analysis (Level 4)

CO5.	CO5 Creating the conceptual knowledge of fill the forms like insurance, bank, loan application, membership form, income tax return forms etc in professional world	Synthesis (Level 6)
<b>UCOE53 Business Management</b>		
CO1.	CO1. Gain an in depth knowledge in basic principles of business management	Knowledge (Level 1)
CO2.	CO2. Comprehension the business Management concepts, Planning, Organization, Directing, Coordination & Control.	Comprehension (Level 2)
CO3.	CO3. Using business terms and concepts when communication	Apply (Level 3)
CO4.	CO4 Analyzing information by applying a variety of business and industry and also analyze software & hardware to major business function.	Analyze (Level 4)
CO5.	CO5. Solving problems encountered in everyday business, further study in management, and managing the business effectively.	Synthesis (Level 6)
<b>UCOC62 Management Accounting</b>		
CO1.	CO1. Understanding the conceptual frame work of management accounting system.	Comprehension (Level 2)
CO2.	CO2. Analyzing recommendation to improve the operations of organization through the application of management accounting techniques	Analysis (Level 4)
CO3.	CO3. Analyzing the impact of English at different socio-political levels genres Applying the management accounting and its objectives in facilitating decision making.	Application (Level 3)
CO4.	CO4. Analyzing & Applying different types of activity based management tools through the preparation of estimates.	Analysis (Level 4)
CO5.	CO5. Using an understanding of relevant management techniques in various type management systems and also prepare cash flow and fund flow statement this helps in planning for intermediate and long term finance.	Application (Level 3)
<b>UCOC63 E-Commerce</b>		
CO1.	CO1. Acquiring the knowledge of different types in E-commerce C2C,C2B,B2C,B2B,G2C	Knowledge (Level 1)
CO2.	CO2. Understanding the fundamentals and importance of E-Commerce, E business, EDI, Electronic payment system.	Comprehension( Level 2)
CO3.	CO3. Applying the key features of Internet, Intranet, Extranets & Web technology and how they related to each others.	Apply (Level 3)
CO4.	CO4. Analyzing the impact of E-Commerce on business models and strategy.	Analyze (Level 4)
CO5.	CO5. Assessing the Electronic payment system, E Marketing and E Advertising in E-Commerce.	Evaluate (Level 3)
<b>UCOC64 Business Tax</b>		
CO1.	CO1. Acquiring in depth knowledge of provision of Income Tax Act.	Knowledge (Level 1)
CO2.	CO2. Understanding the provision, procedure to compute total income, tax payable by an Individual,	Comprehension( Level 2)

PO3	Applying appropriate research methodologies, design, analysis and interpreting data.	
PO4	Getting placed in the financial industry management consulting companies, industrial corporations and public institutions.	
PO5	Communicating professionally and facing challenges ethically with concern to social welfare.	
PO6	Gaining ability to communicate financial advice and ideas in complex collaborative contexts involving both peers and clients.	
PO7	Managing projects efficiently after consideration of economic and financial factors.	
<b>M.Com., (CA) / PCC42 / COURSE OUTCOMES</b>		
	<b>Description of COs</b>	<b>Bloom's Taxonomy / Cognitive Domain</b>
<b>PCOT11 Marketing Management</b>		
CO1.	Understanding the modern marketing concepts and to make aware of regulations of foreign trade practices in the era of globalization.	Comprehension (Level 2)
CO2.	Gaining knowledge about consumer behaviour and to analyzing the consumer research process.	Knowledge (Level 1)
CO3.	Analyzing the promotion mix and indepth knowledge in the promotion tool.	Analysis (Level 4)
CO4.	Comprehending the types of marketing , issue of marketing and to control.	Comprehension (Level 2)
CO5.	Acquiring and analysing the consumer satisfaction and rights of consumer.	Analysis (Level 4)
<b>PCOT12 International Trade And Practices</b>		
CO1.	Understanding the global trends in business, marketing and trade and to make aware of regulations of foreign trade practices in the era of globalization.	Comprehension (Level 2)
CO2.	Gaining awareness on International Business Environment.	Knowledge (Level 1)
CO3.	Knowing in depth knowledge in international marketing and strategies used for market entry.	Knowledge (Level 1)
CO4.	Comprehending about foreign exchange and foreign institutions.	Comprehension (Level 2)
CO5.	Acquiring The Knowledge Of India's Trade Performance and Global Level Business.	Knowledge (Level 1)
<b>PCOT13 Advanced Financial Management</b>		
CO1.	Gaining knowledge on the fundamental concepts on financial management.	Knowledge (Level 1)
CO2.	Understanding the theories of capital structure and working capital management	Comprehension (Level 2)
CO3.	Comprehending valuation of securities and have in-depth knowledge of dividend theories.	Comprehension (Level 2)
CO4.	Knowing about various methods of evaluation techniques and cost of capital	Knowledge (Level 1)
CO5.	Selecting an investment proposal by analyzing the compounded and discounted value of money invested	Synthesis (Level 6)
<b>PCOP11 Computerized Accounting With Tally</b>		
CO1.	Understand the basic knowledge of computerized accounting to deserving students under self – learning mode.	Comprehension (Level 2)
CO2.	Gaining knowledge of accounts information in tally with use of keys and the preparation of budget	Knowledge (Level 1)

	program environment.	
CO2.	Determining logical alternatives of decision structures in VB.	Synthesis (Level 6)
CO3.	Formulating a loop structure repetitive tasks and applying sub-procedures and function to create viable code.	Application (Level 3)
CO4.	Initializing array data structures for accessing the individual elements of arrays.	Application (Level 3)
CO5.	Acquiring ability to create VB programs using forms, modules, menus and multiple arrays.	Synthesis (Level 6)
<b>PCOE22 Business Environment</b>		
CO1.	Knowing concept of business environment and identify changing dimensions of business environment.	Knowledge (Level 1)
CO2.	Gaining ability to analyse Indian economy in light of changing government regulatory policies.	Synthesis (Level 6)
CO3.	Comprehending the International and Technological Environment.	Comprehension (Level 2)
CO4.	Gaining whole information about business environment at National and International level.	Knowledge (Level 1)
CO5.	Acquiring ability to guess the situation and takes the wise Managerial decisions.	Synthesis (Level 6)
<b>PCOE22 Organizational Behaviour</b>		
CO1.	Understanding the concept and significance of organizational behaviour.	Comprehension (Level 2)
CO2.	Analyzing the factors influencing individual behavior, personality and perception	Analysis (Level 4)
CO3.	Comprehending the concept of conflict and organizational culture.	Comprehension (Level 2)
CO4.	Gaining knowledge to survive in the changing organizational environment.	Knowledge (Level 1)
CO5.	Acquiring ability to describe the methods of enhancing creativity and innovation.	Synthesis (Level 6)
<b>PCOT31 Indirect Taxation</b>		
CO1.	Understanding the applications of indirect taxes and its importance	Comprehension (Level 2)
CO2.	Gaining knowledge on basic methods and legal provisions of indirect taxes.	Knowledge (Level 1)
CO3.	Comprehending the Goods and Services Tax.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge in Customs Act 1962.	Knowledge (Level 1)
CO5.	Acquiring knowledge about all types of indirect taxes which are levied by government.	Knowledge (Level 1)
<b>PCOT32 Financial Markets And Services</b>		
CO1.	Understanding the financial system and economic development..	Comprehension (Level 2)
CO2.	Gaining knowledge to execute the merchant banking functions and services.	Knowledge (Level 1)
CO3.	Getting familiarized with stock exchange functions.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge global financial market.	Knowledge (Level 1)
CO5.	Analyzing the factoring services and depository system in India.	Analysis (Level 4)
<b>PCOT33 Advanced Corporate Accounting</b>		
CO1.	Understanding the legal requirements for preparing to final accounts of companies.	Comprehension (Level 2)
CO2.	Getting expertise in consolidation of company accounts	Synthesis (Level 6)

CO3.	Comprehending how to prepare final accounts of banking company and insurance company.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge in double accounting system and analysis.	Knowledge (Level 1)
CO5.	Gaining the knowledge about Accounting standards and companies' accounts.	Knowledge (Level 1)
CO1.	Understanding the modern marketing concepts and to make aware of regulations of foreign trade practices in the era of globalization.	Comprehension (Level 2)
CO2.	Gaining knowledge about consumer behaviour and to analyzing the consumer research process.	Knowledge (Level 1)
CO3.	Analyzing the promotion mix and indepth knowledge in the promotion tool.	Analysis (Level 4)
CO4.	Comprehending the types of marketing , issue of marketing and to control.	Comprehension (Level 2)
CO5.	Acquiring and analysing the consumer satisfaction and rights of consumer.	Analysis (Level 4)
<b>PCOT12 International Trade and Practices</b>		
CO1.	Understanding the global trends in business, marketing and trade and to make aware of regulations of foreign trade practices in the era of globalization.	Comprehension (Level 2)
CO2.	Gaining awareness on International Business Environment.	Knowledge (Level 1)
CO3.	knowing in depth knowledge in international marketing and strategies used for market entry.	Knowledge (Level 1)
CO4.	Comprehending about foreign exchange and foreign institutions.	Comprehension (Level 2)
CO5.	Acquiring the knowledge of India's trade performance and global level business.	Knowledge (Level 1)
<b>PCOT13 Advanced Financial Management</b>		
CO1.	Gaining knowledge on the fundamental concepts on financial management.	Knowledge (Level 1)
CO2.	Understanding the theories of capital structure and working capital management	Comprehension (Level 2)
CO3.	Comprehending valuation of securities and have in-depth knowledge of dividend theories.	Comprehension (Level 2)
CO4.	Knowing about various methods of evaluation techniques and cost of capital	Knowledge (Level 1)
CO5.	Selecting an investment proposal by analyzing the compounded and discounted value of money invested	Synthesis (Level 6)
<b>PCOP11 Computerized Accounting With Tally</b>		
CO1.	Understand the basic knowledge of computerized accounting to deserving students under self – learning mode.	Comprehension (Level 2)
CO2.	Gaining knowledge of accounts information in tally with use of keys and the preparation of budget and vouchers.	Knowledge (Level 1)
CO3.	Comprehending how to prepare the final accounts and fund flow statement.	Comprehension (Level 2)
CO4.	Knowing about inventory maintenance and in-depth knowledge of preparation cash flow and fund flows	Knowledge (Level 1)

CO2.	Determining logical alternatives of decision structures in VB.	Synthesis (Level 6)
CO3.	Formulating a loop structure repetitive tasks and apply sub-procedures and function to create viable code.	Application (Level 3)
CO4.	Initializing array data structures for accessing the individual elements of arrays.	Application (Level 3)
CO5.	Acquiring ability to create VB programs using forms, modules, menus and multiple arrays.	Synthesis (Level 6)
<b>PCOE22 Business Environment</b>		
CO1.	Knowing concept of business environment and identify changing dimensions of business environment.	Knowledge (Level 1)
CO2.	Gaining ability to analyse Indian economy in light of changing government regulatory policies.	Synthesis (Level 6)
CO3.	Comprehending the International and Technological Environment.	Comprehension (Level 2)
CO4.	Gaining whole information about business environment at National and International level.	Knowledge (Level 1)
CO5.	Acquiring ability to guess the situation and takes the wise Managerial decisions.	Synthesis (Level 6)
<b>PCOE22 Organizational Behaviour</b>		
CO1.	Understanding the concept and significance of organizational behaviour.	Comprehension (Level 2)
CO2.	Analyzing the factors influencing individual behavior, personality and perception	Analysis (Level 4)
CO3.	Comprehending the concept of conflict and organizational culture.	Comprehension (Level 2)
CO4.	Gaining knowledge to survive in the changing organizational environment.	Knowledge (Level 1)
CO5.	Acquiring ability to describe the methods of enhancing creativity and innovation.	Synthesis (Level 6)
<b>PCOT31 Indirect Taxation</b>		
CO1.	Understanding the applications of indirect taxes and its importance	Comprehension (Level 2)
CO2.	Gaining knowledge on basic methods and legal provisions of indirect taxes.	Knowledge (Level 1)
CO3.	Comprehending the Goods and Services Tax.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge in Customs Act 1962.	Knowledge (Level 1)
CO5.	Acquiring knowledge about all types of indirect taxes which are levied by government.	Knowledge (Level 1)
<b>PCOT32 Financial Markets And Services</b>		
CO1.	Understanding the financial system and economic development..	Comprehension (Level 2)
CO2.	Gaining knowledge to execute the merchant banking functions and services.	Knowledge (Level 1)
CO3.	Getting familiarized with stock exchange functions.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge global financial market.	Knowledge (Level 1)
CO5.	Analyzing the factoring services and depository system in India.	Analysis (Level 4)
<b>PCOT33 Advanced Corporate Accounting</b>		
CO1.	Understanding the legal requirements for preparing to final accounts of companies.	Comprehension (Level 2)

CO2.	Getting expertise in consolidation of company accounts	Synthesis (Level 6)
CO3.	Comprehending how to prepare final accounts of banking company and insurance company.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge in double accounting system and analysis.	Knowledge (Level 1)
CO5.	Gaining the knowledge about Accounting standards and companies' accounts.	Knowledge (Level 1)
<b>PCOP33 Programming in JAVA</b>		
CO1.	Understanding the java programming concepts and utilized java graphical user interface in program writing.	Comprehension (Level 2)
CO2.	Designing and developing distributed and enterprise applications and multi-tier applications using JDBC connectivity.	Synthesis (Level 6)
CO3.	Comprehending how to prepare final accounts of banking company and insurance company.	Comprehension (Level 2)
CO4.	Gaining in-depth knowledge in develop graphical user interface application.	Knowledge (Level 1)
CO5.	Gaining knowledge to implement program using servlets, JSP, RMI.	Knowledge (Level 1)
<b>PCOE33 Logistics Management</b>		
CO1.	Understanding the role of logistics in a market-oriented society.	Comprehension (Level 2)
CO2.	Knowing the major functions of logistics	Knowledge (Level 1)
CO3.	Comprehending about supply chain management	Comprehension (Level 2)
CO4.	Gaining knowledge of comprehensive analysis and discussion of key contemporary issues and problems in logistics management	Knowledge (Level 1)
CO5.	Acquiring ability of planning and control processes in logistics management	Synthesis (Level 6)
<b>PCOE33 Human Resources Management</b>		
CO1.	Understanding the concepts of Human Resource Management.	Comprehension (Level 2)
CO2.	Knowing the principles of Human Resource Management and its applications in the business and industry.	Knowledge (Level 1)
CO3.	Comprehending of different types of remuneration plans and their significance.	Comprehension (Level 2)
CO4.	Capability to evaluate different training programs and understand with their limitations.	Synthesis (Level 6)
CO5.	Acquiring ability to developing role of human resources management in the globalized world.	Synthesis (Level 6)
<b>PCOT41 Income Tax &amp; Tax Planning</b>		
CO1.	Understanding on Income Tax including Rules pertaining various aspects.	Comprehension (Level 2)
CO2.	Knowing about the procedures followed by the income tax authorities in concern with income tax.	Knowledge (Level 1)
CO3.	Gaining ability to identify the difference between Tax Evasion, Tax Planning and Tax Avoidance.	Synthesis (Level 6)
CO4.	Capability to know the procedure of file Income Tax returns	Synthesis (Level 6)
CO5.	Acquiring skills to take managerial decisions keeping in view the Income Tax Rules.	Synthesis (Level 6)

<b>PCOP44</b>		<b>PHP LAB</b>	
CO1.	Understanding to handle array and string handling methods.		Comprehension (Level 2)
CO2.	Knowing to implement OOPs Concepts in an application		Knowledge (Level 1)
CO3.	Acquiring ability to store information about client's using Cookies.		Synthesis (Level 6)
CO4.	Capability to create a database in MYSQL and to manipulate data into it.		Synthesis (Level 6)
CO5.	Acquiring skills to design an interactive webpage with graphical techniques.		Synthesis (Level 6)
